Social worker Xu Dengyao was invited to give a lecture titled "Understanding Online Sexual Violence" and participate in a quiz with prizes. The main theme of the course is that with the rapid advancement of technology and the Internet, more and more teenagers will shoot nude or private images, but they often lack awareness of the potential risks of such sexual and private images, and are therefore more likely to become victims of digital sexual violence. The purpose of the course is to enable young girls to understand and identify and improve their relevant knowledge.
